Type

Video design and production

Year

05/02-2016 – 06/02/2016

Venues:

Derby Theatre

URL :

Number and names of additional authors

Naomi Baldwin (Technical Theatre Student)

Additional information 100 words

Working with a Technical Theatre student I designed and created the projection used for the productions of ‘DNA’ and ‘The Hour We Knew Nothing of Each Other’. A variety of source material was used including original photographic and video images, computer generated imagery and Creative Commons licensed images. A single projector was used but a multiplicity of projection surfaces were targeted through use of projection mapping techniques. The video design was also used as part of research by a final year Theatre Arts student.
